🌱 EcoPlate

Snap your fridge. Get dinner. Waste nothing.

What Is EcoPlate?

EcoPlate is a smart kitchen app. Take a photo of your fridge or pantry, and AI instantly creates tasty recipes using only what you already have.

Why We Made It

Ever stare into your fridge and have no clue what to cook? You're not alone. Lots of food gets thrown out at home and at school because people don't know how to use it. EcoPlate fixes that.

Who Is It For?

- **Teens** who love to cook or want to learn
- **College-bound students** learning to live on their own and stick to a budget
- **Anyone** who wants to waste less, spend less, and eat better

Our Mission

Make cooking fun and easy, and turn leftovers into awesome meals while cutting down on food waste.

Top Features

- 📸 **Fridge Snap:** Take one photo. EcoPlate spots every ingredient for you.
- 🍳 **Zero-Waste Recipe Builder:** Get step-by-step recipes, with the best matches for your ingredients at the top, so nothing goes bad.
- 🔄 **Substitution Finder:** Missing something? Find a quick swap, like applesauce instead of butter.
- ⏰ **Pantry Expiry Tracker:** Keep a list of what you have and get a reminder before it expires.
- 🌍 **Green Impact Dashboard:** See how much food you've saved and how much money you've kept in your pocket.

Why You'll Love It

- **Save money:** Use what you already have instead of buying more.
- **Waste less:** Keep good food out of the trash.
- **Cook with confidence:** Try new recipes and get creative without the stress.
- **Get dinner fast:** No more "What should I eat?" Just open the app for instant ideas.

Coming Soon

- 👩‍🍳 **Recipe Sharing:** Swap your favorite recipes and tips with friends.
- 🥗 **Diet Filters:** Get recipes that fit vegan, vegetarian, gluten-free, and allergy-friendly needs.
- 🛒 **Smart Shopping Lists:** Add items to your list automatically, but only when you really run out.
